## Dear members of the St Columba's community

### Nourish the dreams of others – some wise advice for our students

Too many students seem to limit their plans for the future because they have listened to others tell them that they will never achieve the dreams they have for their lives. A young person's dreams have to be nourished with positive affirmation and enthusiasm not cynicism or what so many people call reality.

### Dream Big Dreams

Everyone is trying to become the best person he or she can be. We are always finding out what we can and cannot do, what's right and what's wrong, how to handle our problems, who we can really trust, and how we are alike and different from everyone else. With all this going on you can feel very confused sometimes. And when you're feeling confused it can be very difficult to decide what's right for you.

The best advice I can give you is to:

- Have the courage to dream big dreams for your life.
- Be serious about your needs.
- Take the risks necessary to make your dreams come true.
- Trust your intuitions – about people, about the right directions to take and decisions to make.
- Find people who will help and support you.
- Use your creativity and imagination to make school work for you.

You can make things happen, you can open new doors, you can make a difference, you can be responsible, you can start this minute.

Living without dreams is like speeding in the dark down a motorway and not knowing where you are going. You are never quite ready for changes, things just seem to come out of nowhere and happen to you, you can only react and usually too late. It is scary to drive like that and scary to go through life this way too. Our dreams pull us forward and give meaning to our lives. When you lose the courage to dream, you can lose your sense of direction in life and be too easily swayed by people who think they know the direction that's best for you.

All around us we are surrounded by the results of other people's dreams – people who mixed inspiration with courage and a little luck. As you find the courage to move in the direction of what you dream for yourself, you will be amazed at how the world will move to support you.

The journey you are on at school can be an exciting and challenging one. You can use your talents and gifts to achieve your dreams. You are limited only by your fears of what you cannot do. You've got to have a dream if you want to make a dream come true.

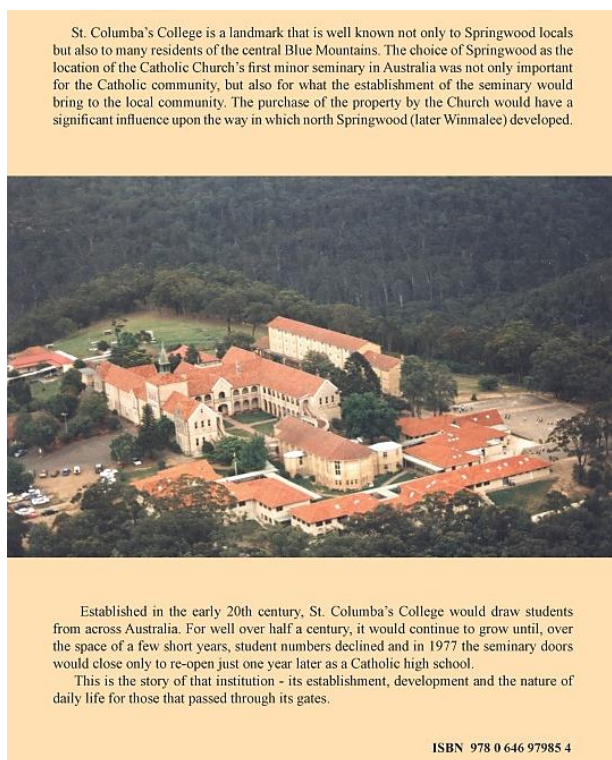

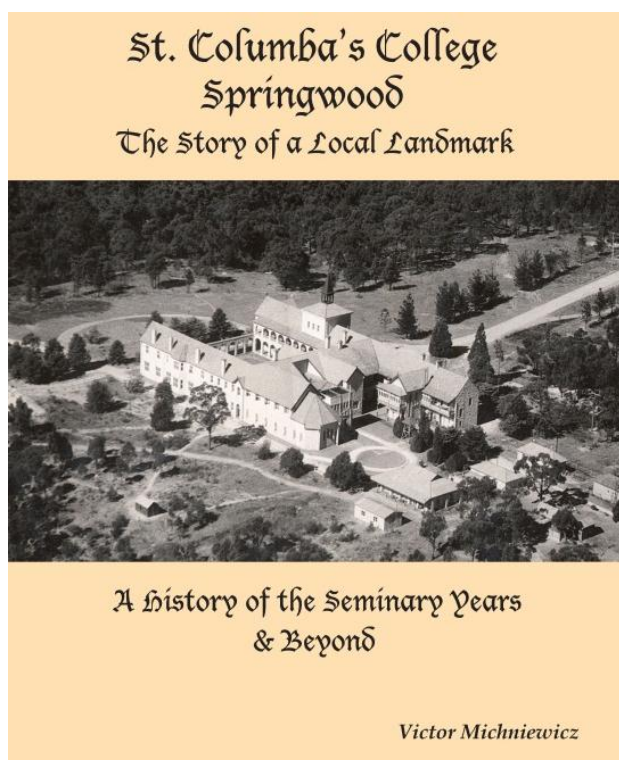

### The Story of the St Columba's College site

Victor Michniewicz, a past staff member and previous seminarian, has written the definitive history of St Columba's College. This book is the product of the author's association with St Columba's, stretching back almost 50 years. He spent 3 years at the College when it was still a seminary and then returned some years later as a teacher for over 25 years. Victor was in a unique position to research and write about its history.

For anyone and everyone who has been associated with St Columba's in any way, and for all those in the local community who only know of it as a local landmark, this book is essential reading. It is a story that will surprise, captivate and enlighten. Every trip into the College grounds will take on new meaning.

Orders can be placed at the Reception Office or directly from the author. The cost is \$40.

God bless you always,

**Mr Paul Ryan**  
**Principal**

This Advent season we are all encouraged to "pay it forward" and bring kindness and love to others by becoming an "Advent Angel".

Google defines "pay it forward" as: responding to a person's kindness to oneself by being kind to someone else.

How does it work?

Do between one and three good deeds for others without asking for anything in return. Instead, the recipient should pay it forward to someone else in need.

For example: you might offer to help someone with their LP which you know they are struggling with. Then that person pays it forward by doing a good deed for another person.

It can be as simple as carrying someone's bag to class for them or shouting the next person in the canteen line their meal.

OR you might decide to bring cupcakes for your classmates one day just because. Then those classmates need to find other people to do random acts of kindness for.

Acts of kindness don't have to be material. If you see someone who is being treated unkindly, say something. Giving support is one of the most powerful acts of kindness.

With acts of love the chain continues!

To get involved it's easy. Just start being kind to those around you. We encourage you to record acts of kindness (things people have done for you or things you have done for others) on our coloured Christmas cards in the library. These will also be distributed in RE classes and can be found in your homeroom boxes. Once you have recorded your act of kindness make sure you drop it into the library. Then our kindness cards will be strung together to create a beautiful Advent garland for our tree in the eating area. A symbol of people bringing God to each other through kindness!

So spread love and kindness by becoming an Advent Angel today!

### **Bishop Vincent Long OFM Conv statement on Manus Island**

Bishop Vincent Long OFM Conv, Bishop Delegate for Migrants and Refugees has issued a statement on behalf of the Australian Catholic Bishops Conference, following the closure of the Manus Island Centre. He states: "The policy of offshore detention has failed and it is time for us to deal with the issue of asylum seekers and refugees according to this nation's proud tradition and the best nature of its citizens. We can do a whole lot better, just as we did welcome "those who've come across the seas" after the wars in Europe and in Southeast Asia. The concern for maritime border security does not have to make us into a mean-spirited people. The policy of offshore detention has cost Australia dearly. But it has cost the detainees and their families even more. I appeal to the government and political leaders to act in accordance with our honourable tradition. It is time to find an alternative and conscionable solution, including accepting New Zealand's offer of resettlement and bringing the remaining detainees on Manus Island to Australia for further processing."
