Rationale:

The Education Act requires that children of school age (six - seventeen years) are required to be in full-time attendance at a government or registered non-government school unless formally exempt. Our College requires that post-compulsory aged students also attend College unless a valid reason exists.

Regular attendance at College is essential if students are to maximise their potential. While parents are legally responsible for promoting regular attendance for their children, College staff, as part of their duty of care, monitor absences.

Aims:

To maximise student learning opportunities and performance by ensuring that children required to attend College do so regularly, and without unnecessary absences.

Implementation:

- Education is a sequential process. Absences often mean students miss important stages in the development of topics, causing them to find 'catching up' difficult.
- Absenteeism contributes significantly to students experiencing difficulties at College.
- All enrolled students are required to attend College unless reasonable and valid grounds exist for them to be absent.
- Parents/Carers have a responsibility to ensure that their children attend College regularly, and are only absent if ill or if absolutely necessary. Parents / Carers have a further responsibility to provide a written note to the College explaining why an absence has occurred.
- Parents/Carers of students who are to be absent are required to report the absence. The absence is then to be confirmed in writing by a note from parents/carers.
- Independent students not living with parents or carers are also required to provide notes.
- Inadequately explained absences will cause the Homeroom Teacher to communicate with parents/carers and the student involved so as to implement strategies that will resolve the problem.
- Ongoing unexplained absences or lack of cooperation regarding student attendance will result in a formal attendance conference being organised. Unresolved attendance issues of post-compulsory students may result in their withdrawal from College.
- The Principal will ensure all student absences are recorded each period by teachers, are aggregated on our database and communicated to the CEDP
- The Department of Education, CEDP and enrolment auditors may seek student attendance records.
- Student absence figures will appear on student Semester 1 and Semester 2 reports.

Responsibilities

The College staff are responsible for supporting the regular attendance of students by:

- maintaining accurate records of student attendance.
- providing a caring teaching and learning environment which fosters students' sense of well-being and belonging to the College community.
- implementing programs and practices to address attendance issues when they arise.

1.0 Procedures

For Staff

- Homeroom Teachers will mark the roll electronically during the Homeroom period using Compass.
- A hard copy of the electronic record is to be generated fortnightly and provided to the Principal and Assistant Principals.
- Notifications to parents regarding overdue explanations of absences are issued weekly.
- All teachers are to mark a class roll at the beginning of each lesson. If a student is absent but Compass indicates they should be present, the class teacher is to notify the Student Office immediately. Matters of truancy must be reported to the KLA Leader of Learning. When truancy involves more than one missed class in one day, the student is referred to the Leader of Wellbeing.
- The Homeroom Teacher and Leader of Wellbeing should look for patterns of absenteeism and truancy and implement procedures to address the issue.
- The Homeroom Teacher must sign, initial and file notes which explain students' absences and file them in the designated student folder.
- When a student reports to the Sick Bay, the Sick Bay staff will contact parents or caregivers. The Staff will electronically record the time in the sick bay and if necessary, make an entry indicating a partial absence.
- If a pattern of late arrival to College develops (3 consecutive days), it is the responsibility of the Homeroom Teacher to make contact with the parent/caregiver. If a poor punctuality or attendance pattern continues, the Homeroom Teacher will refer the student to the Leader of Wellbeing who will conduct an interview with the student and parent in an attempt to rectify the situation.
- Each week all unmarked rolls, unexplained absences and inconsistencies are emailed to the whole staff. These inconsistencies must be resolved as soon as possible.

For Students

- Students must be in attendance between 8.53am and 3.05pm (students attending TAFE or cluster classes are exempt).
- All students move to Homeroom immediately upon arrival to school anytime between 8.53am and 9.05am.
- Homeroom teachers mark students as 'present' but issues a LOW detention for 'Late to Homeroom' via Compass
- Homeroom teachers submit their roll at 9.05am, not before.
- Students who arrive at school after 9.05am must sign in at the Student Services Office. A partial absence is recorded. Students without a parental explanation will be issued with a LOW detention by student services staff.
- Students who need to leave the College premises before the end of the College day must present a note signed by the students' parent or caregiver. The note must indicate the time and reason for early departure. The note must be confirmed and signed by the Leader of Wellbeing.
- Students leaving the College premises must sign out at Student Services.
- Students who need to leave College due to illness are to report to the College sick bay. A student will be signed out from the sick bay when collected by a parent or caregiver.

- All absences (partial and full) must be explained in writing (letter or email) within 7 days (in special circumstances this can be done via a phone call), or by replying to the sent SMS.

ABSCONDING - GUIDELINES (CEDP)

Best Practice Guidelines
Guidelines and Management
Response and Guidelines

All staff have the responsibility to respect and respond to all students in their care. As well as assisting students to achieve their individual learning goals, staff have a duty of care to implement structures which ensure the wellbeing and safety of every student.

It is vital that the safety of students and staff remains a priority. Reasonable steps must, therefore, be taken to ensure students remain safe, and under staff supervision, within the learning spaces and/or school grounds at all times, throughout the school day.

When a student is at risk of leaving the learning spaces, and/or the school premises without permission (abscond), this will be identified in the student's current risk assessment, risk management and/or behaviour management plan. If this is the first incident with the student, it will be necessary to complete a risk assessment and management plan. Consideration will need to be given for off-site activities, for example, school excursions.

Use of Restraint

Restraint will only be used when a student is at serious risk of harm. In these cases, the least physically restrictive methods of restraint will be employed. Where possible, have this as part of the risk management plan signed by the parent/carer.

In the event a student leaves class without permission, staff are to:

- Remain calm.
- Do not block or obstruct the student from leaving.
- Keep the student in your line of sight.
- Contact the office and alert them that the student has left the class and assistance is required. The executive staff member will direct the course of action.
- Carry a mobile phone to provide details of the location and direction the

student has taken.

- If possible, ask another staff member to remain with your class and ask for assistance from other staff.
- Limit verbal instructions, short concise sentences, encourage the student to be safe and return to class.
- If safe, allow time for the student to calm down.
- Once calm and returning to space, praise for making a good choice.
- Conduct a risk assessment or risk review to develop/update risk management plan.
- Parent/carer to sign new/updated risk management plan.
- Risk Management Plan is uploaded to FACES and shared with relevant staff.
- If the student has a Personalised Plan please state there is a risk management plan in place.

In the event a student leaves the school grounds without permission, staff are to:

- Remain calm.
- Keep the student in your line of sight.
- Contact the office and alert them that the student has left the school grounds and additional assistance is required.
- The executive staff member will direct the course of action.
- Carry a mobile phone to provide details of the location and direction the student has taken.
- Limit verbal instructions, short concise sentences, encourage the student to be safe and return to the school grounds.
- Maintain a safe distance to monitor the student. Active pursuit may encourage the student to run.
- If the student is no longer in your line of sight, the executive staff member will direct the course of action, this may include:
 - contacting police
 - informing parents
- Once calm and returning to school, praise for making a good choice.
- Inform parents/carers and the police as soon as the student has returned to school.
- The Principal or member of the executive will debrief staff involved in the incident.
- Conduct a risk assessment or risk review to develop/update risk management

plan.

- Parent/carer to sign new/updated risk management plan.
- Risk Management Plan is uploaded to FACES and shared with relevant staff.
- If the student has a Personalised Plan please state there is a risk management plan in place.

Strategies for Improving Attendance

- Analysis of attendance data by LOWs at fortnightly LOW meeting and student awareness via information and reward program at Year Assemblies.
- Interviews with parents, Homeroom Teachers and Leader of Wellbeing.
- Reviewing education program of student with parents and relevant staff.
- Referral to College Counsellor.
- Convening Attendance Planning Meeting
- Register communication of attendance data to parents via Skoolbag and newsletter
- Using support from CEDP Student Services.
- The outcomes of meetings are to be recorded and copies of implemented plans are to be kept as a record.

When College-based interventions are unsuccessful:

If a problem with a student's attendance persists following the implementation of the above listed options, the Principal will notify the Diocesan office.

Attendance audits will be conducted in Weeks 2, 4, 6, 8 and 10 of each term during LOW Meetings. Those students who are deemed to have unsatisfactory attendance will be supported through the Diocesan Attendance Intervention guidelines.

Ongoing attendance issues will result in the implementation of the following strategies in an attempt to improve attendance:

Steps for responding to Habitual Unexplained Non attendance at school of children and young people in Catholic Education Diocese of Parramatta

Note: this is a minimum requirement. If at any stage there is a need to escalate the response please consult the DoSP
