

Year 12 2023 Textbooks

Dear Parents and Caregivers,

This year textbooks can be ordered through Box of Books. For most subjects, textbooks are available in a print/digital or digital only format. Depending on the subject requirements families can choose to purchase the format they prefer. The digital text is immediately delivered to your student's account. Box of Books will also provision students with all of the publishers' interactive resources that are a valuable part of the texts purchased.

Students and teachers also benefit from innovative features built into the Box of Books platform. Teachers can customise text content to suit their students' learning needs, with the ability to embed their own additional content within the text. Teachers can integrate direct page links in Connect units so that students and teachers have seamless access to the text resources used for their courses.

Steps to order:

1. Visit [Box of Books Shop](#) to log into your existing parent/guardian account or create a new account if it is your first purchase.
2. Add each student, **please input their email address: xxxxxx@xxxxx.xxx.xxx.au** and nominate school and year group for 2023
3. Select the items you wish to purchase from the booklist shown
4. Use the checkout to organise postage direct to your nominated address and complete payment

Some families may already have the school prescribed texts in hard copy either through siblings who have completed the subject in an earlier year or through the purchase of the text separately to Box of Books. Where this is the case you will still need to have your student provisioned for the digital version of the text on Box of Books and this can be purchased for a discounted cost.

Please note: If your student does not have the digital version through Box of Books then they will not have access to the additional resources and enhancements made to the texts from the school teachers.

For further assistance, please see this short informative guide on [How to Purchase Books](#) or contact the Box of Books team through the in-app support function (located at the bottom right corner of the shop).

The image displays two screenshots from the Box of Books app. The left screenshot shows a sign-in screen with the text "Let's sign in to your account!" and a "SEND CODE" button. The right screenshot shows a welcome message: "Welcome to the Box of Books shop! This is the place to purchase your students' booklists in three easy steps: 1. Create an account using your mobile or email address to sign in. 2. Add all your students to your account and select their booklists. 3. Select items to purchase from the booklists and check out using our secure payment gateway." Below this is a "If you need a little help..." section with a link to chat with the support team. A "Box of Books Support" chat button is visible in the bottom right corner.
